Product

Chubb Visitor Express Standalone – an electronic visitor registration and management system for standalone sites

Chubb Visitor Express is a system that stores names, images and profiles and enables your reception to provide an efficient service for visitors.

System Benefits

Visitor Express Standalone is a PC based system with the following features:

- Produces customised full colour passes, including photos, in seconds
- Quick and easy visitor registration process
- Captures and stores data for previous, current and expected visitors
- Logs the arrival/departure time, the host, the visitors vehicle and any other assets that are checked
- Identity tags or receipts can be printed to tie a visitor with their vehicle or other assets
- Bar code scanning logs visitors on and off site.
- Full compliance with legislative requirements under the Health and Safety at Work Act and Employers Liability Act

Chubb Visitor Express Standalone

Technical Data

- High quality, fast pass production.
- Capture and store visitors profile and image.
- Save visitor profiles along with their photo image for future reference / use.
